Thread: [*NEW* \[VIDEO TUT\] How to make a good looking 3D text/signature \[VIDEO TUT\]](#)

Primal Fury - December 4, 2013, 4:36 am

Hello,

This is my second video tutorial, it's about how you can make a good looking 3D text which could also be used as a signature.

Finished product:

Spoiler ([Click to View](#))

Video tut on YouTube:

Thank you ?

Krruger - December 4, 2013, 7:58 am

Are you going to make this into a Youtube series? These are really cool and useful for novices like me :D

Thanks

~Q

i quite like this tutorial, keep up the good work!

?lex - December 20, 2013, 1:08 pm

Nice tutorial man. Keep it up! Well done!

Para?more - December 20, 2013, 1:10 pm

Knew how to do it instantly from the finished product image. I can vouch it does look super effective and super simple to do.

J4mie - December 20, 2013, 1:58 pm

nice tut dude will deffo use this soon! thanks for sharing.
