Black Reaper - December 5, 2013, 9:07 pm

Read a lot about christmas and it seems a lot of fun,
too bad it's not celebrated in our country.

Good luck everyone and have a nice time. ?

Sorun - December 5, 2013, 11:58 pm

Glad to see someone hosting it again this year. Put me on the list. U. S.

Oh and it would be a good idea to let everyone know if its okay to send you sensitive material. Last thing I need is some parents trying to track me down for sending you loli doujin.

Yokomoto - December 6, 2013, 3:14 am

I shall participate in this nice idea. Seems very fun !

tweety - December 6, 2013, 3:23 am

Good point, I will ask about that in the blast PM.

Shipping from Canada to US and vice versa is cheap right?

Most of the stuff I order from the US is below 10\$ in shipping so it's no big deal.

Yokomoto - December 7, 2013, 2:20 pm

So I'm going to try to help you guys out with some site's :) :

<http://www.otakushop.us/> (FREE shipping worldwide)

<http://dx.com/> (FREE shipping, not anime related but you can find some anime figures and hangers for almost nothing)

<http://www.archonia.com/mangashop/en/>

(for Europe, standard shipping for country's so very fast delivery, use this for manga/ if you have little time. More expensive tho!)

<http://www.animechina.com/> (FREE shipping worlwide, nice price's, can take some time tho)

<http://www.123cosplay.com/> (again FREE shipping but the site is a little bit sketchy, never bought off here. You can try tho.)

<http://www.animestuffstore.com/> (no free shipping)

You need to remember that store's that provide free shipping usually take around 3-4 weeks to get your stuff delivered. So buy in advance!

If your HF member did not receive anything after 4 weeks, open a case on paypal. PM me for more info about that.

will update this soon.

I still feel there's some uncertainty with that.. like what if they post about a lot of different things, don't update their mal favorites, don't have a mal, etc.

But if that's how we're doing it then it's fine, I'll do what I can. I encourage everyone to make it clear what they like somewhere though, or you will simply end up with some fine moeblob related goods ?

I will probably ask if they have any anime preferences along with other things in the PM I will be

sending out on the 10th/11th.

And Trylone, nothing important was discussed in the initial PMs, just confirming participation and countries.

Please no one use dx. Anyway here's a good collection of sites I found over years of buying and shared experience from fellow Otaku.

Here is a list of Japan based sites that charge import prices. Don't be scared away because of importing its usually cheap and you are getting it directly from the source much cheaper and less chance of a bootleg. For example a nendoroid shipping price will probably be around \$15 not bad at all.

<http://www.amiami.com/> #1 best site among serious buyers. Cheapest prices and most reliable. Site owner is a tight ass though and you don't want to make her mad by cancelling a order after placing it or you might get banned. Buying figs is srs biz

<http://ekizo.mandarake.co.jp/shop/en/> Good to find older figures that you can't find on any other site

<http://goodsmile-global.ecq.sc/> Get nendoroids from the source here. Has regular limited items if you pre order

<http://www.play-asia.com/paOS-14-71-9k-49-en.html> Can be more expensive at times then the other sites. Shouldn't be a problem as long as you check around for prices

<http://biginjap.com/> Prices here can be dirt cheap at times. Keep a eye on this site

Here's some U.S. Based sites

<http://www.toylet.net/>

<http://www.kirinhobby.com/shop/>

<http://www.rightstuf.com/1-800-338-6827/catalogmgr/nEUBxhZ9KKHRqAVj1e/browse/category/4/6311/0>

<http://www.animecornerstore.com/>

Rightstuff is the only U.S. based store I would bother with. They still rape you in prices though. IMO its much cheaper to import 90% of the time.

Anyway I can't speak for you users in other countries, but hopefully BH matches us by country because I rather not have to worry about customs or import fees for you guys in another country. Sorry it would just be a big headache.

I didn't imply that. I'm saying I don't want other users to have to calculate shipping and conversion prices for other countries. Also customs in other countries can be really strict and can get some of you guys jail time with sensitive material.

Jack

This is your first post in the AA section and few days ago you were still hoping for money to pop up from somewhere..

<https://hackforums.net/showthread.php?tid=3426439&pid=35720709#pid35720709>

Are you serious about this?

Black Hole - December 10, 2013, 7:53 am

Kinda wondering why people who almost never post in the section are willing to spend their money for people they don't even talk to...?

Everyone realizes that if you are participating in this, you WILL be buying something for someone else, right?

I do realize, but I'm not having much time on my hands in the past few months, sorry :/ Started going to the gym and I have to study hard for school because I want to get in the college as an army cadet...

There isn't anything bad in spending 25\$ on someone and get it back :) It's a fair trade if you ask me... And who doesn't love anime stuff? :D

The whole point of Secret Santa's is to make the person feel good or happy. You shouldn't be thinking this as some sort of investment and the value of a present you receive back.

No, don't get me that way :o A user above me posted something about money regarding another user and I just wanted to have something to keep that secured :)

Anime i really enjoyed (not in any particular order):

Sakurasou no pet na kanojo

Highschool DxD

May of course be from another anime since i had trouble making a list :3 Surprise me :3

Okay, just sent out the PMs, pls respond quickly and if you didn't receive one but wanted to participate, pm me with the subject "Secret Santa Info" and the answers to these questions:

Code Herro, first off I need you to confirm that you are still participating. Secondly I need your address (please include your country).

Questions:

- 1: Your top three favorite anime?
- 2: Can you receive adult themed items?
- 3: What would be your ideal gift? (Wishlist)

Please get this back to me ASAP.

Sorun - December 10, 2013, 2:53 pm

I got a good feeling whoever becomes my recipient will have a wonderful christmas fap. All these lewd figures 0.0

EDIT! Remember import prices are calculated by weight, make sure to do research on the item you are buying and the shipping company you use. Also beware of posters as they don't fold or roll them up so they use large boxes which ups the shipping price. I should have mentioned this in my original post as I don't want any of you to be surprised when you get the invoice.

MASSIVE WARNING! Just checked the site out and its definitely full of bootlegs at those prices. Also googled to confirm even though that was unnecessary.

Nice call recommending that site yoko.... No offense but im guessing you just googled randomly without prior experience. It's not your fault because youre probably somewhat inexperienced in buying, but it was a bad move.

For all other users be sure to research any site before buying

I don't really know what to tell you. You could still cancell or just let it ship. I'm sure some of there items are of decent quality, but those figs are for sure boot legs and will probably have quality problems as most bootlegs do. If anything really its the thought that counts when it comes to gifting.

(Dec 13, 2013 12:46 AM)Sorun Wrote: [\[CITE\]](#) I don't really know what to tell you. You could still cancell or just let it ship. I'm sure some of there items are of decent quality, but those figs are for sure boot legs and will probably have quality problems as most bootlegs do. If anything really its the thought that counts when it comes to gifting.

Spoiler [\(Click to View\)](#) My thought is kickass and I can't wait for my recipient to open it

Just don't open it with the family around hahaha

I didn't REGISTER before buying so i can't cancel. So, i am sending them email regarding this can you recommend me some good sites.

Sorun - December 13, 2013, 12:11 am

Quote:Here is a list of Japan based sites that charge import prices. Don't be scared away because of importing its usually cheap and you are getting it directly from the source much cheaper and less chance of a bootleg. For example a nendoroid shipping price will probably be around \$15 not bad at all.

<http://www.amiami.com/> #1 best site among serious buyers. Cheapest prices and most reliable. Site owner is a tight ass though and you don't want to make her mad by cancelling a order after placing it or you might get banned. Buying figs is srs biz

<http://ekizo.mandarake.co.jp/shop/en/> Good to find older figures that you can't find on any other site

<http://goodsmile-global.ecq.sc/> Get nendoroids from the source here. Has regular limited items if you pre order

<http://www.play-asia.com/paOS-14-71-9k-49-en.html> Can be more expensive at times then the other sites. Shouldn't be a problem as long as you check around for prices

<http://biginjap.com/> Prices here can be dirt cheap at times. Keep a eye on this site

Here's some U.S. Based sites

<http://www.toylet.net/>

<http://www.kirinhobby.com/shop/>

<http://www.rightstuf.com/1-800-338-6827/catalogmgr/nEUBxhZ9KKHRqAVj1e/browse/category/4/6311/0>

<http://www.animecornerstore.com/>

<http://www.amazon.com/> Always be sure its directly from amazon otherwise theres a good chance its a bootleg. If its a reseller check ratings and reviews

Rightstuff is the only U.S. based store I would bother with. They still rape you in prices though. IMO its much cheaper to import 90% of the time.

Anyway I can't speak for you users in other countries, but hopefully BH matches us by country because I rather not have to worry about customs or import fees for you guys in another country. Sorry it would just be a big headache.

Buying from U.S. sites can be pricey so make sure to look around. Almost all regular buyers would recommend importing, but it could be a hassle so some just deal with U.S. pricing.

Just know the U.S. dollar is currently strong against the Japanese yen.

Kanade Tachibana - December 13, 2013, 12:22 am

Yeah I checked out that site and was instantly thinking it was sketchy. For this I recommend to just deal with in country shops like rightstuf if you don't know what you are buying. As above however importing is better if you know how it works. @Sorun You should pm me some NSFW products you think are good since you seem to know a lot about them. ;p

Sorun - December 13, 2013, 12:33 am

For all other users be sure to research any site before buying

Does no one read the fucking thread? I very blatantly stated that the deadline was the 10th. I was

very lenient with those of you who were one to two days late, but now you're pushing it. An entire week after the deadline, and you expect me to somehow rack my brain to include you into an already concluded event...WHEN YOU WON'T EVEN READ MY ENTIRE THREAD? Not to mention you have 25 posts and have so far shown us no reason to trust that you will follow through on your end of the event. You're the worst kind of human.

If anyone else asks to be included this year without a VERY good reason for missing the deadline, I will personally defecate in a box and label it a gift to your parents, from you.
