What happend to my old thread+repfucked?

Spoiler [\(Click to View\)](#)

Basically, i asked if scammers get banned if they admit. I got my answers and closed the thread but after like 6 hours omni saw my thread and probably didn't really get what i meant. He left a weird reply with sarcasm in it and repfucked me saying "SCAMMER SCAMMER SCAMMER" and closed my old thread. Not sure why he called me a scammer probably because i talked too much about scammers or something. I just want to let you know that i haven't scammed anyone and not planning on doing so. I feel a bit sad because i have to start all over again with omni calling me a "scammer". My rep is finally back on the green side so i was able to create a new thread. I apologize for this. But I am up and running again, Lets go!

you relize rhat this will get you banned from paypal right? I mean first off all family and friends does not involve paying people and in that matter this makes it sound like they're buying stuff.

This doesnt get you "banned" from paypal lol. It's insurance incase they send as goods, and decide to charge back. You're allowed to buy something from Family & Friends. No where in the terms of service is this not allowed.
