Thread: [\[HUGE GIVEAWAY\] Program to get HUNDREDS of Pedophiles to your Skype \[HUGE GIVEAWAY\]](#)

Pineal Gland - December 8, 2013, 6:58 pm

The Pedophiles to your Skype Program

Well i'm going to give out the program i've been using to get Pedophiles to my skype in a matter of seconds!

Remember that [thread](#) where i sent massive Pedophiles to everyone?

Well now i'm going to share the program i used to send everyone on that thread massive pedophiles!

To get this program, all you gotta do is pm me for it!

I hope you guys leave me some feedback since i'm giving away my private method.

howard2525 - December 8, 2013, 7:20 pm

Could you send me this?? I can't PM yet :?

poefster - December 8, 2013, 7:23 pm

My thoughts exactly. I couldn't believe the amount of low-post grey names in a row.

nick9345 - December 8, 2013, 10:05 pm

i dont consider myself a leacher..just saying

Default™ - December 8, 2013, 10:14 pm

I'd put you under that category... "just saying"

I PM'ed you for this program :p !
Thanks by advance, Wallton.

n3y4k0 - December 9, 2013, 12:58 am

I might be interested in this, to perfect my eWhore skills lol!

Will try to try this out

Tyler_The_All_Mighty - December 9, 2013, 1:08 am

More then likely this is using addmecontacts which means a lot of indians which means no pay which also means waste of time.

Am I right? :) Lol.

xSTREMExHACKERx - December 9, 2013, 1:11 am

Im interested in this, if you could give it to me thank you.

Another question, when will you be streaming? im interested in watching it to learn.

Cheers ;)

pinokolada123 - December 9, 2013, 4:48 am

I cant Pm to you but it would be great if you send it for me :)

This isn't true.

Why would i try to spread a virus here? It has worked for everyone else here.

- Bitdefender detected it as a virus.

- I ran it sandboxed.

- I got no requests.

This is also true. Scanned it with both Malwarebytes and Bitdefender and it came back clean in both cases.

Spoiler [\(Click to View\)](#)

However, when I opened it, it was deleted by Bitdefender which said it was a virus.
