Sounds weird, nothing illegal though, personal use. ?

If you can hook it up with a editable .psd for a death certificate (gotta be able to edit name), I'll pay \$20.

Just post below/PM.

Cheers. ??

EDIT: Can't private message yet, message me on Skype. (trippytreasure)

EDIT 2: Made my own, admins can close this.

I'm sure there is a Adobe flash death certificate somewhere around here. I'll try to find one for you ;)
