Thread: [\[HOT\] Mass Follow V3 for IDs, Twitter Account, Twitter Bot](#)

lazuardykhatul - December 12, 2013, 4:55 am

Hello everyone ?,

I want to share my private massfollow for twitter bot account.

No logger, faster, and recommended ?

Here is link:

<http://www.battleyourself.com/tools/massfollow.php>

Just insert your account bot and your username, and click "MULAI!!"

If this post help you, please give me thanks. ?

Lol, I think this is a password stealer.

3 posts, 0 reputation, new user, and a website that requires username;password...

Yeah this sounds fucking fake.

Fuck you.

Password stealing dick.
