Thread: [My GFX Pack! Never Seen Before! {DIRECT LINK} \(ViZe's GFX Pack\)](#)

Miami Heat - December 12, 2013, 7:16 pm

Well guys i finnally thought i would release my never seen Graphics pack to everyone just for a early Christmas present to everyone. I added somthing that a lot of new graphics designers like it is i pre rendered letters A-Z in 3d text all you have to do is just drag it and re-size and color it on Photoshop and your done! No C4D needed for you ever again! Also i have added fonts and other materials that you may enjoy in there also!

NOTE: Please do me a favor and leave a comment saying thanks about this because i am just trying to help!!:)

Link For Download: ?

You uploaded the shortcut to Mediafire instead of the actual file :3

Fix it?!

Thanks for the share, the first time it didn't work.

fr332play - December 28, 2013, 2:52 am

Thanks for the share, currently downloading :)

awww it is only a shortcut file -_-

_Shaho - December 28, 2013, 7:50 am

Thanks a lot for the share but it's a shortcut file. :/

Could you perhaps fix it, re-upload and update the link please?

karma040 - January 6, 2014, 9:23 am

you did a shortcut -_-

if you try it ofcourse it wil work because it will redirect to your own file
reupload please
