Thread: [Looking for an ad clicking exchange group](#)

odce1206 - December 12, 2013, 9:32 pm

Hey! I was looking for an adsense click exchange group, I got accepted 4 days ago and I have not gained any money by now and no one has contacted me to join a group for exchanging clicks. I tried to join palringo groups but no one answers and almost anybody is online. Anyone who can help me join a group? Thank you.

Try mass following with twitter bots and automatically sending out the link to new followers.

A buddy of mine used to straight up ask for people to click the ads via twitter DM. He managed to make 20-50 a day doing it for over a year. Knowing what I know now about adsense, I would never recommend it.
