Thread: [Dark Profit Referral Contest! | \\$50 In Prizes!](#)

Whos Spike - December 14, 2013, 2:56 pm

Welcome to a Dark Profit! An up and coming social engineer and e-whoring forum. The staff members and myself plan to provide everyone here with the most friendly community, best methods, and safest exchanges. As a way to kick off our brand new opening, we have decided to host two contests; a referral contest and a posting contest. To participate in either of these competitions, please become a member by clicking, [here](#).

Referral Contest

To increase the community we need members. What better way to get members than to host a referral contest?!

How It Works

Copy your referral link in your [User Control Panel](#).

Reply to this thread saying something along the lines of: "I'm participating in this contest."

Share your referral link to followers, website visitors, friends, family, etc.

Rules:

Each new referral must satisfy both of the following criteria: Sign up for an account, putting the contestant's forum name as their referral.

Have posted at least 5 times by the competition end date.

All referrals must be genuine new people. (If it is discovered that a participant is registering under multiple names in order to gain referrals, they will be disqualified from the competition.

Winners must be willing to supply valid PayPal or Bitcoin address in order to receive their prizes.

Ideas: Putting your referral link in your signature on forums that you post at.

Telling your friends via email, word or mouth, etc.

Putting a link on your website or fanpage.

Anything else that is not considered spam.

Prizes

\$25 via Paypal/Bitcoins

\$15 via PayPal/Bitcoins

\$10 via PayPal/Bitcoins

This is the wrong forum.

It should be in Member Contests, pretty self explanatory.
