Paypal account Canadian but your craigslist postings are in the U.S,how does this go? Do you guys ever run into problems with this ? I guess a good excuse would be you pay someone to post in the U.S ? (just something i was thinking about before i start ewhoring tonight).. What would you recommend craigslist ewhoring selling pics or selling VCW's on chat rooms or selling VCW's on craigslist ?

Don't think it's such a problem, like paypal watches where you post on craigslist, lol.
