You get them off off drops after a game, or you can buy them on the marketplace for €0,04.

Awesome man, \$80 for just playing a game is pretty sweet :)

PianoWithoutKeys - December 18, 2013, 4:18 pm

1. Sell for \$80.50
2. Invest in more keys
3. Open more cases
4. Get nothing worth selling from the cases and cry about it
