Alright guys, now.. I'm needing a new avatar and signature (that match) for my HF profile.

My avatar needs to be an "S" and my signature needs to be my full name with both "K"s.

The main colors I want it to be is #333 & #499FED

Other than that, I want you to show me what you can make. I don't really know what I want, so if you can, give me some examples. Thanks! :)

I'll give this a try sometime on the weekend if you're still open for this by that time. Just hit me up with a PM when ever you read this to let me know if you're willing to wait or not.
