I read every single comment on this thread and there is only one member that posted a broken image link of his earnings.

You wrote this under the thread title:

Hey I know how stupid this sounds, but my stupid brother just bought your money making guide on my paypal account. Is there any way I can get a refund???

The most we have done with any kind of stuff like this is boot people offline on ps3 and now he goes off thinking he can make money by hacking peeps.....

That is a very stupid question, and this method has nothing to do with hacking people. Give it a shot

and I'm sure you will earn ?

I'm not into making money off the this kind of stuff. Can I get a refund, yes or no?

Echo419 - January 27, 2014, 2:03 pm

A few pages back I saw someone mention that investing more will earn you more. So if I just buy the gold package and follow the steps without investing more, roughly how much would I make in a day? (If I follow the steps correctly of course) I'm curious about this method but I have never purchased one of these systems so I'm a tad bit weary.

DestroyerAnon - January 27, 2014, 2:41 pm

I'm interested... I currently have my own methods for gathering money online, but I'm around about \$100.00 - \$150.00 a day. ;(

I wouldn't mind hitting \$350.00 in a day...So, if you could possibly provide just a little more info on it, I'd be interested...

If you don't feel comfortable doing so in this thread (which I fully understand), I'll PM you once this new account is up and running with the ability to PM.

Great thread, nonetheless.

Keep up the good work, and GLWS!

?The Fallen - January 27, 2014, 3:27 pm
