Thread: [Where are the mega threads with all tutorials from website hacking?](#)

DougHeffernan - December 25, 2013, 10:06 am

Where are the big threads where all tutorials are linked to from all different kinds of website hacking, also where lfi,rfi,xss,sql injection and all the other stuff of website hacking tutorials are linked to? im searching a thread where ALL methods and ways of hacking different types of website hacking tutorials are listed, ive seen one a while ago, but i cant find it over the search function, Hope someone can help me ?

Thank you, thats a nice thread! ive told that ive used the search function and didnt found so the last sentence was unnecessary!

well however, i wanna learn all different ways to hack sites thats why i need threads like this to know with which ways you can hack which sites
