Thread: [\[TUT\] How to set-up DarkComet 5.3.1 \(Pics incl.\) \[Detailed\]](#)

Promethazine. - December 27, 2013, 7:20 pm

Accidently deleted the text in this thread & saved it.. How? Idk, sorry guys! You can still pm me if you need help though.

SIM-1676753 - December 27, 2013, 7:21 pm

DOOD DIZ IZ HELPZ ME ZOOO MUCH. Thank you.

typhoid - December 27, 2013, 7:25 pm

i followed this method and now i can watch someone fap whenever i want +1 rep vouch for this glws

Zen - December 27, 2013, 7:30 pm

Awesome tutorial! Thanks for this man.

Orochimaru - December 27, 2013, 7:57 pm

Looks like a well explained, useful and HQ tutorial. I'm sure this will help people to get started with their RATs. Thanks for this and keep up the good work!
Vouch!

Promethazine. - December 27, 2013, 8:00 pm

Thank you guys for leaving feedback, i appreciate it!

Bet - December 28, 2013, 5:58 am

Really well explained, must of taken you ages, thanks for posting!

LaViolador - December 28, 2013, 7:43 am

Huge vouch for OP, he has been a great help with me and spent hours guiding me through it all!
Top notch!

DarkComet is free, but i dont recommend using it because it is heavily runtime detected and exploitable.

fm4u - January 22, 2018, 12:23 pm

Can you send my guide for configuration? Thx

soplcho - January 22, 2018, 1:03 pm

darkcomet link in the official site is not working.... i dont want to DL backdoored app :)
