it's actually a very good method, the fork wounds cause blood to drain from the body, causing the fire to be put out.

I know this because I am a firefighter, and our hose stopped working at a fire we where attending, and I heard screams, so I grabbed a fork that I was using to eat while watching the fire, ran in, grabbed them out and started stabbing them.

Hello,

You may be deeply hurt by your mother's sudden passing... She took some ibuprofen to take away her nightmares... Those endless nights that she cried while looking at you. Her sick son... The son she never wanted. The son, which happened after a late night party with her boss... The son that can't even talk. I just hope you realise that... Even though you are alone in this world, with no family. Who most either disinherited you or killed themselves.... You have dirt. Dirt is your friend, outside is some dirt that has been rained on. Go pick it up, Go lick it, eat it. Knowing that in the end you will be nothing. The same nothing that a man just stepped on outside with a blue coat. The same nothing that I threw out the window last night. The nothing that you will never be. The sadness that can't be sad. The forgotten piece of dirt lying on the ground with hands in the air to a man that walks past. I know that, somewhere in your soul you will realise that the easiest way out is that rope hanging on the door. Put your head in there get a stool and jump off. Knowing that you just saved humanity from a piece of dirt that won't ever become nothing.

I hope you realise. What I am trying to say,

You're as light as a feather, so give me \$5, or your girlfriend who's fat as a fucking whale will have a unicorn horn shoved up her 9 inch clit

Yo mamma is like a big mack, fat, juicy, and only worth a buck.

Your mom is so stupid, she thinks your jokes are funny.

Your mom is so ugly that I went to your house, kicked in the door and your mom came out barking.

Your mom is like a hardware store, 5 cents a bolt, 10 cents a screw.

Your mom is like a bike, everyone can ride

Your mom is like Pizza Hut, if it's not there in 30 Minutes, it's free
