Thread: [HUGE FONT PACKAGE \[2,736 FONTS\] Paid & Free Fonts](#)

Maulish One - January 1, 2014, 11:41 pm

Well, I've decided I'd upload my giant package of fonts to you guys who love to use photoshop or just want more fonts to make their websites, or whatever you do.

Here's a whole bunch of PAID and free fonts. There's plenty in here.

To be exact, there's 2,736 fonts for you ;)!!

I hope this helps you guys.
