I finally was able to work on this method for a good week and I earned over \$500 in BTC. Now that I have things up and running I will probably earn a lot quicker. If you put in the time, this guide is definitely worth it.

SIM-1567847 - March 9, 2014, 8:14 pm

I want to buy it but the Selfly link isn't working. Please let me know.

Thanks for this feedback man, told you it was gonna work. 500\$ in a week is good imo for a 50\$ method

Understalker - March 10, 2014, 11:30 am

Sales are still up and running for a short period of time.

Get your copy while you can.

Is this method region locked not North-America?

Since I've bought several ebooks before that said "Yes this is worldwide" and they aren't.
Thanks

Is this:

- (Survey) lockers
- Adware
- Selling accounts
- Fraud
- Mining
- DDoS
- Website visiting
- Ad clicking
- YouTube botting

I'm not saying I'd complain if it is, just wondering. Also, whats the expected amount of slaves per day with how much work?
