Thread: [>LOOKING FOR PROGRAMS< Will crack programs](#)

**Fronin** - January 5, 2014, 3:03 pm

Hello HF, I'm just looking for some real programs to crack. I'm not talking crack me's, I want real stuff to try. Does anyone have anything I could take a shot at? PLEASE NOTE- I'm pretty new to this so don't expect too much.

I'm downloading it now :)

If I get anything I will PM you. As for Hotspot Shield, I doubt I'll get anything out of that, but free VPN's are easily found on The Pirate Bay ;)

Unfortunately I cannot send PM's :(  
It requires 25 HQ posts, I don't know why my posts are LQ.

Anyway, could you check this topic?

Are you still taking requests? Would you mind check onenotegem, an addon for one note. It needs a serial number and user name.
