Thread: [I need a new avatar; I'm sick of looking at my current one](#)

AC3 - January 12, 2014, 2:01 am

Well, I said it all in the title. I'm sick of my current, badly compressed, avatar. I just can't bear to look at it anymore.

I would like something along the lines of a stylized microphone. I know this is a really vague request.

Go wild and create a stylish microphone avatar for me!

Lol, I'm so tired right now. I'm off to bed.

Thanks in advance!

I like this one!

I'll download it for!

I've downloaded all of them. Great graphics folks!

I like them all and I'll likely use all of them at one point or another.

If I have to choose a favorite, then I'll choose MySQL's graphic. It appears to be the cleanest graphic. Also, I have a thing for condenser microphones. lol
