I am still looking for a new graphic for this. While I like the one Harmony made for this it is a series specific graphic and would like one that is a bit more broad. PM me if you can help.

Synopsis

Kanade Amakusa is a high school student who is suffering from a curse called "Absolute Choices." This curse requires him to select an action from a list of two or three options that appear before him at any time, and has no control over what choices appear. Many of them are weird or perverse and as a result, the curse has tainted his reputation with his classmates and other people around him, making his life very difficult. However, one day, a choice he makes on his way home from school causes a mysterious, beautiful young girl to fall from the sky.

Characters

Kanade "Amachi, Kanarin" Amakusa

He is a regular high school student who has a curse that he calls "Absolute Choice". This curse will at random times cause a voice in his head to give him two or more choices to make. If he doesn't choose one of them soon after, he will start getting a severe headache, forcing him to choose one. Ouka affectionately calls him "Amachi."

Furano Yukihiro

Kanade's classmate who is quiet but a little weird. She likes verbally abusing Kanade and has a weird sense of humor.

Ouka Yuuouji

One of the Reject 5 members. She is very cheerful, hyperactive, airheaded and a happy girl. She also likes Kanade and doesn't mind being a 5th wheel. However, she is also very pure in that exposing her underwear makes her embarrassed. She is the daughter of the president of UOG company, which manufactures a large array of products.

Chocolat "Chocolatcchi"

A strange girl who fell down from the sky in order to help cure Kanade's Absolute Choice problem. She likes to eat a lot of snacks and still has room for breakfast, lunch and dinner. Her ahoge moves around whenever she's happy. However, she is quite air headed, making her ineffective when assisting Kanade. According to her, she had lost her memory prior to receiving the mission, including the way to assist resolving curse. In the second novel, she transferred into Kanade's class as his "pet".

My Opinion

I feel like I can wrap up my experience with this one in one word. Hilarious. This is one of the funniest shows I've seen in a while. It's not just empty story though. It is lacking but I feel like the character progression and personalities make up for it. All the characters make some sort of progression throughout the story. At least the main characters anyway. It was very funny though. Even when it was getting more serious that didn't last for long. This is, in the purest way, a Romantic Comedy. And also, my favorite character was Yuki-hara. I recommend this to anyone that wants a more lighthearted show to laugh at and get over Post Anime Depression Syndrome. It was also a bit short for my taste. Only 10 episodes doesn't give much to be desired, doesn't give enough room for story. 2 or 3 more episodes would have been amazing if they could implement more story or a better ending.

My Rating - 7/10

The synopsis sounds great, I want to watch it so badly but I have too many anime series left to watch and I don't have enough time due to my qualification exams (it's after 3 days). I must pass the qualification exams to give the final exams (which is after one month). So, I guess I will be keeping it on my plan to watch list.

It's definitely worth it after a darker anime or a really good one. Great laugh. Hope you get around to it and good luck on the exam.

I definitely found this one entertaining to a point but the romance part was seriously lacking. Comedy and character interactions were great (as you said) but overall story was mediocre. Good

review Tails! Keep em coming.

Thanks.

Spoiler [\(Click to View\)](#) Thanks, I feel like the romance was lacking because nothing seriously developed. They may have left it open for a season 2 but I dont think it'll get that far. Its a bit disappointing but oh well. Was still a good laugh.

The synopsis reminds me of Date A Live's OVA, where they have to choose how to react and always choose the most perverted one.

Nice review.

In my opinion, Noucome was a good anime, however, I missed out a lot on it, because I ended up covering my eyes and pulling the headphones out of my ears because it got too embarrassing at a lot of points for me to watch. (I have no god darn idea why I find certain animes embarrassing to the point that I go beet red in my face.)
