perilperilperil - January 17, 2014, 1:11 pm

I'm going with Peril. But, don't get me wrong, the others look great too!

Peril - January 17, 2014, 1:22 pm

Yeah good luck to your guys and like waxy said may the best tag win :D

Obli - January 17, 2014, 1:24 pm

Your composition and render integration need work Waxy.

But the smudge definition is nice.

Yeah, i struggle smudging with a render and i'm trying to improve

lenaos - January 17, 2014, 4:25 pm

I don't know why all three tags lack a good composition.

Peril - January 17, 2014, 5:15 pm

fair enough.

Let's get some more votes.

Crashed - January 18, 2014, 1:18 pm

I'm leaning towards Peril's entry. However all of them are astounding.

Edit: To those asking me to participate in the poll, I can't due to the number of posts I have.

Devisual - January 19, 2014, 2:30 am

I would say peril but the rest are good aswell may the best win..

KusH™ - January 20, 2014, 7:16 pm

You should include the stock/render used so we can see what has been done overall. I vote oblivious. I'm a fan of smudging and the other two look thrown together

HentiandEcchi - January 22, 2014, 2:56 pm

I like the second one the most. Good job !

TooTekkerz - February 7, 2014, 9:28 am

They all look cool and interesting but I think that Oblivious wins because his is a good balance of simplicity and complexity.
