I am exited. I just discovered this anime some days ago and watched the 27 eps like there was no time in a spiral universe. I am really happy because I think this will go in the list of my everlasting favoured animes!

Personally I feel this English dub doesn't give the show the epicness it deserves. By far my favorite show right now.

I am glad I watched it with Eng subtitles.

Yes, I also consider it as one of my favorites.

Nonon Jakuzure - January 19, 2014, 11:06 pm

One of the best anime ever to have been created. By far on my top 3.

Tasemu - January 20, 2014, 1:09 am

One of my all-time favourites. English Dubbed doesn't do it justice though.
