The method is interesting and I will start on this today and let you know how it works for me as I have a genuine Fiverr and Paypal account anyway. I'll update with my earnings soon. But the guy has the product and I believe it works.

Thank you for the Vouch Copy. :-) (Jan 11, 2014 05:34 AM)J0kara Wrote: [\[CITE\]](#) I got vouch copy and to be honest it look like very promising ebook. It's easy and you can set it up in a few minutes, wait for verification and start earning.. Only bad thing, in my opinion, is that you will need to invest little money, but u can get it back really fast.. Anyway, i'll try it, and post proof when i get money. (Jan 15, 2014 04:47 AM)DigitalEy.es Wrote: [\[CITE\]](#) Right well i have finished my first successful day using this ebook. My outgoings were 5\$ and my incomings were 21.27€ so i am more than happy this method works and I am working on increasing that output for tomorrow. Easy method and works for me ATM at least. (Jan 15, 2014 04:32 PM)Arbs Wrote: [\[CITE\]](#) I received my vouch copy from Templar. Method is unseen to me, and seems like quite a good source of income. It's simply and concise, with easy to follow instructions. I believe if one was to follow the methods listed in the ebook they would make a nice automated income. From what I read, there are few to no grammar mistakes throughout the ebook. (Jan 15, 2014 04:39 PM)Netsky??? Wrote: [\[CITE\]](#) Had a quick read over the guide. Seen the idea round before but never the less it works providing you follow the instructions

eBook is well written, set out nicely and very easy to follow. You will need a small amount of money to get the ball rolling but you will make a lot more back

Overall i think this eBook is worth the money, has the potential to make you a LOT more

Thanks OP & Good luck (Jan 15, 2014 09:16 PM)Zomggester Wrote: [\[CITE\]](#) Vouch for Templar, hella great guide [Trusted User] Don't lose the chance to earn big .. Quality: 8/10

The quality is really good in this eBook. Everything is explained very well. The other 2 quality points could be acquired if the author had stated which Fiverr gigs he recommends.

Originality: 9/10

I have not seen this method before, I have done a few Google searches and I can't find anything

similar.

Ease of use: 7/10

This eBook is very easy to use, it will take you about 2 hours to set everything up and maybe you have to wait a day or two for some applications to be accepted. After that you invest \$5 and you get back around \$40 every time. You need to have at least \$10 to make money with this. The more you have the more you earn :).

Grammar: Average/Good

As I am not a professional English teacher I can not say this for sure, but there were little to no grammatical, punctuation and capitalization mistakes.

Layout: 6/10

This PDF file is very very basic. White background, standard black font. Little to no (useful) pictures.

Overall: 7.5/10

If you have at least \$10 to invest you will make money with this if you follow the directions precisely.

Please do note: This method is grey-hat.

With that said, GLWS!
