Healasuk - January 25, 2014, 2:07 pm

God damn this is super expensive in terms of hf standards lol.

MexxR - January 25, 2014, 2:08 pm

It's 113 euros on the steam market & you're looking for 100 euro on HF?

People sell knives on here for around 50% cheaper, just a heads up :p

GLWS.

D????????????????ark - January 25, 2014, 3:36 pm

May be interested in this, added on steam.
We can talk a little there.

EDIT: User seems sketchy as hell, he got to the point where we made a deal on the price, then said there was no way he could go first, I had to.

Seems odd to me.

He wouldn't use a MM either.

I removed him off steam but hey, you guys can try deal with him.

Geekie benji - January 25, 2014, 7:12 pm

Geekie benji - January 25, 2014, 8:10 pm

It is strange that his most recent item is a Field Tested, M9 Bayonet Night. I would like him to explain that one.

Please make a Scam Report within the [Deal Disputes](#) section.

Geekie benji - January 25, 2014, 8:17 pm

He also just posted a image of him using the knife in the game :

Geekie benji - January 25, 2014, 8:22 pm

Dark tell me whatever you want now I will get to you soon take whatever it takes.

You can PM me if you do not wish to publically say it.

And besides, I am not going off anything he has posted, purely my own research.

Yes I could just go on another steam and tell you thats my main steam ID. But thats just a waste of time, its not confirming anything.

I am sorry, but that seems really sketchy that you are unwilling to even PM me it.

Sending me a PM is not making it public, it's just it is really convenient that the profile I found has the knife in question.

Nevermind, it is not necessary.

It is obvious to me that you either bought a different knife of the exact same description, or scammed this guy.

Well you are saying here that you actually was working on a deal with me? The wierd part is that I have not talked to anyone else than you about this deal so can I ask what deal we had then? Like umm that is pritty wierd.

Addictionz - January 25, 2014, 9:01 pm

Considering Dark has scam reports on him I wouldn't be surprised he scammed considering the last few posts but I could be wrong.

Law - January 25, 2014, 10:08 pm

I would PM the leader of Void, OP.

We can be for sure, but there is clearly enough evidence to back you up more then him.

And the fact he refuses to reveal any sort of steam profile is even more sketchy .

PM me if you need help with this.

Hackedbyak47imaskid - January 30, 2014, 6:35 am

This is a scam, because you say "I am the "D" people talk about.", and your name has been "D" on Steam.

Dark, I call you a scammer, and I have a very good reason for it.

Denitorious - January 30, 2014, 10:40 am

Guys, go and look up the trade history and post the ID of the user that you have traded with.

You can find it here:

<http://steamcommunity.com/id/YOURSTEAMIDHERE/inventoryhistory/>

Malcolm???????????????? - January 31, 2014, 12:32 pm

55 bucks and 20 netflix accounts (The price when it electronic not steam is 50% cheaper)

Hpe to hear from you :)

And we will use an mm named (phybe?)

Purewinter™ - February 5, 2014, 1:38 am

Dark scammed me, pathetic user that should be banned.
