Not sure if anyone has posted about this before, but I saw this video today and it's pretty creepy.

I gave it a try about 10 minutes ago only for about a minute and I am still seeing the colors! ?

This was posted yesterday, but it's a crazy thing if you think about it

Rayquaza™ - January 28, 2014, 1:42 pm

Enjoy being like that for three months bro!

Androctonus - January 28, 2014, 1:42 pm

It was posted yesterday actually with quite a few pages. I looked at the image for a few minutes and it felt like it was a portal. It had depth after a while, as if I was peering into a long, rectangular tunnel. Wouldn't recommend watching for more than a few minutes.

Copious amounts of alcohol could of had something to do with that, too. ?

I am 99% sure that somebody is going to use that image as signature with saying "Stare this for 20 minutes for a hot bitches."

Anyone have that large .gif of it? I wanna try.

Destruction? - January 28, 2014, 2:13 pm

Are you supposed to look at both the green and red box at the same time or each one at a time? I've been trying both ways but it doesn't seem to affect me.

aerodynamic - January 28, 2014, 2:18 pm

There's no way ya'll pulled this thread from 2014. Long story short, it's quite interesting though

Noticing a lot of gravedigged threads lately, but this is still quality content.
