well this has been a terrible week for me on HF considering i just got back from being exiled for saying something against paypal terms of service and as much as i would love to say "stupid scammer i dont give a crap about that pety money" i seriously do.

Ubers taking advantage of normal members, its a shame. Sorry you lost your money. If you're still selling RSGP for PayPal or something i'll be glad to buy it.

Edit: Did some research seems as if the user has scammed a shit ton and has been doing it for quite awhile.
