For most of you hard rock dudes , you will hate it, so dont bother commenting, I personally dont like his type of covers/songs but he got a label and hes doing really, really really, good.

What do you think?

Btw- most of its not auto tune, it just sounds like it because he recorded it in the studio first.

Not bad at all, The dudes got talent I'll give him that, Just please make sure he doesn't turn into the next Justin Beiber and that'll be good!
