Thread: [Girl Wanting To FaceTime, What Do I Say??](#)

Exa8yte - January 31, 2014, 7:56 pm

This girl I like who I've been texting for the past couple of days and now she wants to face time but I'm pretty fucking stoned right now and don't really want to so what do I say?? I can't seem to think of anything that doesn't sound mean or weird.

And how is this related to sports? ???

Try the lounge next time.

OT: Just say you are busy, or your front camera is broken.

"don't really want to"...

2 choice.

-Either you stay in your normal life, and don't go further on other experience with this girl.

-Either you do it and your shyness will disappear in less than 10 seconds. Maybe she will like you and more and more... ;)

I give you the decision young man, which pill will you take?

Just tell her not right now I'm busy doing some other shit?

Facetime her I mean unless you're scared of girls or are shy.

BlueFreakLP - February 1, 2014, 12:30 am

Ignore her till your buzz wears off and you're ready.

colinf - February 1, 2014, 1:17 am

Tell her you can't be arsed talking to her because you are out of your mind on drugs.
