Why do you think you should win: I'm starting my journey to become a Bitcoin master! Now to the reason, this one time I was walking down a lonely path. On this path I came up onto a man who was blocking the road while rubbing his nipples, now this man was huge. Since he fell asleep and didn't feel me kicking him I need to buy a Bitflute to wake his fat as* up. Since I'm lacking required funds to buy a Bitflute I am unable to continue my journey to get to the Elite 4. Please help me on this journey! GOTTA OWN THEM ALL (*s)
