VOUCH!

(Feb 2, 2014 09:18 PM)I Will Mashinate Wrote: [\[CITE\]](#) Vouch for Katatina, will review this shortly and post some feedback.

(Feb 2, 2014 09:35 PM)Trick?y Wrote: [\[CITE\]](#) Katarina gave me his ebook, so I could review it for him.

Ease of Use: In his ebook he's explaining everything you need to do, and there is the software and everything else you need to start cracking. 10/10

Grammar: I've read it through and I haven't really seen any big grammar issues. 8/10

Overall: You should purchase this if you're looking for an ebook that's going to explain you everything you need to do to start cracking accounts. I would personally have bought this if I wanted to start cracking. 9/10

Content: There is a huge amount of content and in depth pictures that explain step by step how to start cracking. 10/10

Ease of Use: This method is very noob friendly and everything is explained to you and highlighted in the pictures. There is no getting lost here folks. 10/10

Grammar: I have only seen a couple mistakes but nothing really huge that stands out. 9/10

Overall: This is really worth your money since you will be making it back with the accounts you crack. Short answer: If your into cracking then buy it, it's worth it. 9.5/10

Hi! I did a review of your product

Content: 10/10

The cracker tool is really efficient and straight forward for new users, Kat provides a PDF file for anything that you will need to know it also has a one million word list!

Ease Of Use: 9/10

Really straight forward. He has provided a PDF and text documents to help configure any crackers.

Grammar: 10/10

Obviously Kat has done his English homework.

Overall: 9.5/10

It's a really useful and strong program. You can crack so many different accounts, I highly suggest buying this if you have the money!

Good luck with sales.
