I have recived a copy and here is my review.

The eBook SSLR has written goes over the main autopilot way of gaining money. The content is well detailed with some picture to give you a clue on where you should be. Following the steps is a breeze as it is noob friendly so don't worry about getting lost.

I would definitely recommend this to a friend as you will be making way more profit.

I would love to write everything down but I want to make a final conclusion later with the earnings proof.

Overall for now:-

It's really a good way to get easy cash. I am following the instruction right now straight away.
