Thread: [Recruiting Members For Click Exchange Group!\(adf.ly and others\)\(Only 50 Members\)HURRY](#)

Nitz0007 - February 5, 2014, 5:01 am

I am searching for users to join a clciking exchange group in facebook! ?
Where users exchanges clicks between themselves!
(Links include adf.ly ,adfocos.us ,short.st,p.pw and other similiar sites)

I had found many groups like this in fb,but none of them were active! ?

Only 50 members will be allowed in this Facebook Group!!!
(We'll start with 50 and we'll expand as we develop! ?)

And Those 50 members would have to be active too!!!!

If not ,they will be thrown outside from the group! ?
Only The ones who strongly desire & could follow the rules may enter this group!
I'll lay out the rules soon!

This group ensures that everybody get the clicks and get max profits!! ?

If Interested in joining this Facebook Group,Post Here Or PM Me!

Hope I can Post this article here,If not I'll delete it!

Anyone wants to join this group?????
