First of all I would like to say that this method is definitely original. I have never heard of this method before and it has a lot of potential. The ebook is short and gets straight to the point but lacks in pictures. It is noob friendly as well and anyone can set this up.

9/10 Would recommend it. (Feb 8, 2014 03:52 PM)Roytoy Wrote: [\[CITE\]](#) After reviewing the Ebook, here's my honest review about it:

First of all I must say I've never heard of this before, only similar things to it, it is in fact original. The ebook is easy to follow and gives some basic information about what you should do to earn money. In all honesty. I do believe this method CAN get you \$20, \$140 or \$500, but not \$20 a day.

Edit: Never mind I just got an email with the password from Sellfy. Such a long delay though.

Edit2: This certainly is a unique method you could rake in tons of money depending on how much time and effort you put into it.

Does this method work world wide?

Yes, this will work anywhere in the world and for all ages.

Does this require an investment to use?

Nope! This will not require you to put money into it!

How long will it take to setup?

It will take less than an half an hour for initial setup!

Do you offer refunds on this if it doesn't work for me?

Currently I do not offer refunds. Myself as well as my customers are proof that this method is one of the very few that work, and will make you money.

Will it be setup instantly?

Yes it will! You will not have to wait for anything to confirm etc.

Is this Affiliate Marketing or Ebay related?

NOPE! This is not related to either!

Is this legal and moral?

Yes this is COMPLETELY legal as well as 100% Moral. 100% WHITEHAT

So we can make only upto \$500 max and \$20 minimum for life?

S.Girl - February 11, 2014, 1:17 pm

\$ 20 per day on average. +/- \$500 per month on average.

~M.PayDay

Futurebound - February 11, 2014, 1:35 pm

Will you need to continusly put time in? like roughly how long per week to earn \$20 a day?

S.Girl - February 11, 2014, 1:43 pm

~15-20 minutes to setup and ~5 minutes a day is enough.

Only 5 mins and \$20?

Then why did Roytoy say "but not \$20 a day"?

Can any of the customers post proof? Thanks!

zaices - February 14, 2014, 8:59 am

If you are still willing to give out vouch copies, I'd make an honest and in depth review.

I noticed that the past reviews aren't too in depth or enough to convince someone to buy it.

S.Girl - February 15, 2014, 12:31 am

I already have distributed my vouch copies, sorry.

I'm not buying it when the review said you can't make \$20 a day and it's a simple question does it involve payday or not?

S.Girl - February 15, 2014, 1:45 am

\$ 20, you make them widely! No PayDay !

You Will Earn \$ 500 by me! Very easy !

Damn. Niggas be harsh on you with this e-book.

Anyways, GLWS OP. Whatever it is, it's probably better than a majority of other e-books on the site.

S.Girl - February 16, 2014, 8:09 am

Thanks MEH ! this is a very good book! If buyers can really comment on the post to say that the method is unique!

Erwin Schrödinger - February 19, 2014, 7:55 am

I see that you say "Autopilot" with that what do you mean?

Some "Autopilot" methods are not whitehat at all! Is it like 5 minute setup and after that the money will come rolling inn with no effort?

Thanks!

Regards Erwin! :3
