Spy-Net v2.6 Max connections..

Does spy-net have a limit of servers???

Thanks

Typhoon - May 5, 2010, 11:46 pm

No,i dont think so it has

I once got about 190 Victims

i've had over ~300 on at one time, the stability was fucking horrible, but it worked.

Trigger phinger - May 6, 2010, 2:44 am

now my victims 768..

barano - May 6, 2010, 2:53 am

and its stable ?P actually when i go 300 + spynet goes crazy

I Lolled...

Anyhow I have around 60-70 victims and its very stable.. But 700 that is sick... Let me guess...
Everytime you open Spy-Net and click Start your computer crashes ?

DaRkOoO - May 6, 2010, 6:57 am

No, I think it doesn't have.

It doesn't have one afaik, but just remember that XXX computers are connecting to you.
So it's really a matter of your internet speed.

The Most Ive Ever Had is like 250 Give or Take And It Laggs A bit

subxero - July 6, 2010, 12:35 am

there was a member he who posted a picture of spy net with 1000+ victims
very impressive i must say. and he mentioned that Spynet held up just fine.

hope this helps answer your question

Akureyri - July 30, 2010, 8:08 pm

Well,using shads now... :D

stonerkraze - July 30, 2010, 8:36 pm

How do you get that my victims, im at 4 and dropping, I need someone to help me spread :(

Like what ?
Because I tried many but some of them not working and others break the apk server ?
