WINNERS

First Place Winner - [DocBlaze](#) Winning Poem [\(Click to View\)](#) What is life?

Is it wrong? Is it right?

Why do I die to live, when I actually live to die?

Maybe the 'f' is placed to disguise life as a lie

Gravity kept me grounded, but now my soul weeps to end in the sky

I think about you in the night as I let out a sigh

No presents, but your presence: I'd buy

What is life?

In a world full of dark thoughts, can I see the light?
Propaganda made me think that my future is bright
In reality I only see disaster in sight, but I realise as I write
That life isn't guaranteed, I might not make it back tonight
Life can be pain, scarring mentally. I want you before and after I die
But I feel you slipping from me, you might just be worth the fight

What is life?

Life can be beautiful, life can be joy
Trying to achieve my dreams: Wife, kids, a stable income from being employed
Like seeing a newborn baby with us, girl or boy
Perhaps seeing our ecstatic child after receiving a new toy

What is life?

Is it the truth, or is it a lie?
I found out the answer when I fought for you
Life is oh so gold, that life is actually truth
I saw the light, the opportunity, I chased it too
I done it for the connection of me and you

The cold wind slapped my face and awoken me, I discovered love
The hairs on my neck stand up from your touch
You are a blessing for me, sent down from above
A beautiful sight and a serene sound like a dove

The waves of compassion, crashing through you and me
Passion intertwined, we connect with such fluency
You're priceless compared to diamond jewellery
Passion. Trust. Love. Ingenuity...
Life in the end is like you, something of rare beauty.

Second Place Winner - [kami-sama](#) Winning Poem ([Click to View](#)) It was during the coldest night of January

A man in a black coat came to me in a dream
And told me : "this time, it's the right one
I am defeated ; I shall be gone."
I had no idea what that man meant, and went through with my day
Next thing I know, you're shaking my world
Twisting my personality, dominating my thoughts
Altering my behavior, making me wish for more.
Did that man know of you, darling ?

My hatred is gone, my obsession is insatiable
It feels like being awoken from apocalypse which was nigh
Hopes are high, terror is gone
As we enter a new month, I love you even more.
Your smile is shy yet ruptures my fears
Your eyes are sad yet they shine when staring at me
Your touch is soft yet stole my heart
My soul is yours forever and evermore.

I will hold you in my arms, we will become one
Of mind, of soul, of body, of heart.
I will kiss your tender lips as you close your eyes
And we would sleep next to each other, holding hands together.
I'd make the lullabies sing about our tale
My dear princess,
I now write this poem not for nice rhymes
But to show my love and earn your own.
Indeed, I am madly in love with you,
Plagued by the madness of love, I cannot be without you.
Your presence comforts me, your idea warms my heart.
I find it hard sometimes to be with you, but I love every single one
Of these moments of anguish, because they lead to your veneration.
I vow to you, whatever it takes.

Is it wrong to love ? Should I resist ?
The temptation is too high, but I should not take the risk
If one does not love, how can he heal ?
Weren't you in my world, I would probably go crazy.
I don't dare to think of a world you don't exist in
It would be sacrilegious just to try to live in it
Not holding you ? Not seeing you ? Not wanting you ? Not loving you ?
This would be a massacre, one that I would not endure.

No mortal can match your beauty,
I cannot comprehend your kindness.
You sing like a goddess, Pallas Athena envies your voice.
Your eyes sparkle like jewels at sunrise.
Your tender voice shakes the hearts of
Proud eagles, glancing like thunder.
Your adorable smile gives birth
To small lightnings in my eyes.

So please, my dear Princess,
Accept from the man you saved from the abyss
This declaration of love ; you complete me.
A Valentine to you, I shall be.

Third Place Winner - [Saturday](#) Winning Poem - Yellows [\(Click to View\)](#) Red, blue, green, orange?
No, yellow. No, yellows.
It rolls off your tongue like the last dew drop on the morning petals.
Ah, but that name is just a memory now.
Then again, wasn't it always?

I remember it like it was yesterday.
The way the oats and ice cream blended together in his bowl like a yin and yang.
Eternal bliss after every bite of the concoction.
He was certainly different than the rest.
Perhaps that was what I liked about him.

Or maybe it was his sense of style; or lack of?
Maybe it was his sense of humor; or lack of?
Perhaps his genuine personality; or lack of?

Himself. Or lack of himself.
See he wasn't just a pronoun used to describe his aura.

No, he was much more than that.
He was the very fire that burns inside all of us when we're alone and thinking.
His presence was ominous, yet inviting.
The breaths he exhaled were nothing more than pure ecstasy to those lucky enough to inhale them back in.
His embodiment alone was enough to make you question everything you thought you knew.

Red, blue, green, orange?
No, yellow. It was always yellows.
It will always be yellows.
But it will forever be much more than that.
Yellows.

Love is simple.
An emotion
A feeling
It's amazing.

Love is simple
We feel it everyday
We feel it in every way
Love is beautiful.

Love is simple
It's that feeling towards that one special person
To your mom, your dad, or even your van.
Love comes in all different shapes and sizes

Love is easy
Anyone can do it
Just find that special person and say
I Love You

she is what makes my heart keep on giving
she is what the gods might of envisioned

More to come but that is one.

We are trapped in this place, with you and me
Close your eyes, and you will see
How my kind love, for you will be

I am here for you, through evil and good
Holding your hand, till you are in good mood
I swear to you, I will never be rude

You will be placed, a special place in my heart
The love is true, it will never fall apart
Our hearts equals love, like a lovely art

Tried my best. Thanks for hosting and good luck to all the applicants.

Young Love.

When I see her dazzling face,
It's like I'm lost in a maze.
Paralyzed by her glorious gaze
Her stormy eyes never cease to amaze
My heart, it takes me to a wonderful place.
Where I wish the sun knew no end of nights or days
And the land was filled with singing canaries and beautiful blue jays
She toys with me, these games she plays
Drive me to a maddening craze
Her luminous smile is like a flash of rays
That ignites my fiery love for her in a blaze.

Should I add another stanza or is this long enough? I'm gonna use it to ask her out on Valentine's day.

Italics do look pretty nice; I'll give it a shot.

I see that gleam in her eyes,
That smile on her face,
Both of these,
Take me to a wonderful place.

A place where love is eternal,
Not just in soul,
But in all physical forms,
That is life's goal.

I live with no love because it was always that way, I would give everything just to find a way.
It was the 14th and to my surprise, a girl as beautiful as could be said "I love you, Happy Valentines Day" to me
I wasn't sure what to do being alone all these days I gave her a smile and a good day.

She gave me a Valentine made with love, I gave her my heart thinking she was sent from above.
She said her goodbyes, and left me that day, I will never know what made her say "I love you,
Happy Valentines Day"

I have never written a poem before but its worth a shot right? c;

And shows its brilliant light
Look up to see its beauty
At the exact second of midnight

And halfway across the city
Know that I am too
Looking at the moon
And thinking of just you

My Valentines Day Poetry Entry

A stranger once said:
Love is perfect.
Love is kind.
Love brings hope to those without.
I disagree,
Love is harsh.
Love is brutal.
Love and Lust are two the same,
But then again, what's life without pain?
Love does not need wealth's desires,
Love is happiness,
Love is always here.

Someday we will be together
In good or bad weather

We will become one
We have just begun
Ill do anything for us
I just need to confess

I ask myself what to do
All I want is you
No more then that
Even a little chat

Gives me the biggest smile
Anything for you is worthwhile
My dear *** I love you
From now on its just the two.

You & Me

Everyday I dream of You,
Every dusk and dawn.
Every time I see You,
In my Heart and the Sky Above.....

The Stars are twinkling at you,
As you are the princess of the Sky!
Hold My Hand,
Lets Move Down To Earth
&
Shall Have A Wonderful Time....

There was no one to be around,
There Was Nothing to Be Seen,
It was just You & me
And That Was Forever & Ever.....

But don't worry I'll be there too
Not in the cage.
But laughing At you!

4.

Roses are red.
Pickles are green.
I love your legs.
And whats between <3.

Roses are red.
I have a phone.
Nobody texts me.
Forever Alone.

But not sweet as you!

Zabuza? - February 9, 2014, 12:48 am

"Like a breeze of Spring,
Or faint warmth of a sun.

The comfort of peace,
Compassion communicating with ease.

The freedom of a majestic bird,
yet too easily ended with a series of words.

Until the whips of the storms of winter,
And the dull numb of the gray overcasting clouds.

The anxiety of release,
Not knowing much but betrayal and the opposite of all peace."

Is what crossed my mind in a flash,
as I felt you slash straight across my heart,
with no emotions or barriers, I fell apart
Worse then the rest of my pain from this world,
You took my only hope, my love, my girl.

I know it's kinda cheesy, though I don't care.

I think that kami-sama's poem is the most original cheesy poem in this thread. And I'm not saying that because we're brothers

Shattering awent the vase of blue.
Eyes seemed to glow like tea cups in the sun
on a summer day in Parie.
Oh-- je t'aime.

A baguette, a corsage, a rose, a dance.
The dress seemed to sway forth and fro.
Dry wine and sweet champagne
Oh-- je t'aime.

The moon avast the sky of night
A wish seemed in the air of true delight
A bed folded under the weight of two
Oh-- je t'aime.

The smell of roses and skin
A burst of sound in the bleak

A morning where two will feel weak.
Oh-- je t'aime.

Eh, decided I would like to try my hand for some fun. Tell me what you guys think, as honestly I have no clue. ?

Love is not about odd.
Trust me, guys,
Love is God!

The moment you see her,
Something in there pop out!
'I love you,sweetheart!!'
You wanna shout.

Love has no hiearchy,
Love is for all.
Have faith in love,my friend,
And you will never fall!!

That's all I got!! Thanks for hosting this contest! ?

Her eyes are wonderful.
Her smile is beautiful.
Her personality is irresistible.
I think I'm in love, and it feels wonderful.

Oh how I wish I have the courage to talk to her.
But somehow I think she deserves someone better.
It's hard to let go, but it's for the best.
For that it's hard for me to rest.

It's all I got I guess. ? I wish It's good enough. My vocabulary isn't that good.

I personally like it. You've put some work in the description, although the oh je t'aime is a little repetitive (not really a bad thing.)

Paris is spelt Paris in French...

Just because you don't hear the s, doesn't mean that they've randomly replaced it with an e.

Je m'aime.

Tu m'aime.

When I see you I can never be tired

Being without you is like not having any RAM

In that, it would catch fire

Skids are zelous

But they ought to be right?

Imagine there face when they see you tonight

Because you use a custom kernel

I will protect you from all dox

A Never Ending Love

In a loving fashion, you are my burning passion
With my well guarded heart you became the assassin
I never quite was one to wear my heart on my sleeve
But you brought out compassion that was hard to perceive
You made me believe in love at first sight

Now losing you is my worst fright
You're lips gleaming light, you're beauty so bright
Omni please touch my big booty tonight
My butt-cheeks are tight, not loose... even slight
Our love will soar in this world, like wind and a kite
Please consider a dinner, the rose scent will linger
You'll squeal in joy when I pull out my finger...
And with that finger, we'll pinky promise to love
And like an angel above, floats down a magical dove
The dove begins chirping we are cupids gift to this earth
How for what us love birds are worth, we should give birth
So we measure Omni's girth... of his waist of course
But with no child bearing hips, we need a new source
For my lover I surrender, like monks in palestine
I would do anything for my lover, especially when its Valentines...
But we called the child off, we'd be ready in a little
Instead I would slobber on his succulent pixels
I would tickle his pickle without requesting a nickle
Or sometime's he'd drizzle from his lactating nipples
Some say life is simple but our love was that tripled
There was no way that our passion was artificial
We both knew that our fate was being soul mates
We would pass on together, holding hands through gods gates
Together life was a convenience, whoever matched us was genius
Without Omni I would go sleepless, with him I was seamless
He was my weakness, with love I would kiss up to his... sweetness
I'd like to thank Jesus, and the Hackforums crew
Without my new boyfriend I don't know what I'd do
With this I'd like to thank eternal for the chance
To salivate over my pixelly romance
I know we are lovers, so please take your stance
I will now ask my soon to be boy toy to dance
Love is passion and desire for the last time
So sweetie of mine, will you be my Valentine?

My love for you will never lessen
only grows
Me without you is like the sky without the sun
You're my light.
God truly blessed me when he placed you in my life.
Seeing your face make my heart smile every time
Hearing your voice put my mind at ease
Being in your arms I feel at peace .
I still get butterflies when you come around
missing you every second you'll away
What did you do to me that have me head over hills?
I will never know.

I love you flaws and all
past all you pain
You, I can't be without.
You're the other half of my heart
You complete my heart beat.
Forever will I love you.
I pray God guide this journey we call love.
This is once in a lifetime type of love.
We may never find another like it.

Seeing your face make my heart smile every time
Hearing your voice put my mind at ease
Being in your arms I feel at peace .
I still get butterflies when you come around
missing you every second you'll away
What did you do to me that have me head over hills?
I will never know.

I love you flaws and all
past all you pain
You, I can't be without.
You're the other half of my heart
You complete my heart beat.
Forever will I love you.

Gangster Disciple - February 11, 2014, 11:21 am

I said I was posting again. Enjoy:

What is life?
Is it wrong? Is it right?
Why do I die to live, when I actually live to die?
Maybe the 'f' is placed to disguise life as a lie
Gravity kept me grounded, but now my soul weeps to end in the sky
I think about you in the night as I let out a sigh
No presents, but your presence: I'd buy

What is life?
In a world full of dark thoughts, can I see the light?
Propaganda made me think that my future is bright
In reality I only see disaster in sight, but I realise as I write
That life isn't guaranteed, I might not make it back tonight

Life can be pain, scarring mentally. I want you before and after I die
But I feel you slipping from me, you might just be worth the fight

What is life?

Life can be beautiful, life can be joy
Trying to achieve my dreams: Wife, kids, a stable income from being employed
Like seeing a newborn baby with us, girl or boy
Perhaps seeing our ecstatic child after receiving a new toy

What is life?

Is it the truth, or is it a lie?
I found out the answer when I fought for you
Life is oh so gold, that life is actually truth
I saw the light, the opportunity, I chased it too
I done it for the connection of me and you

The cold wind slapped my face and awoken me, I discovered love
The hairs on my neck stand up from your touch
You are a blessing for me, sent down from above
A beautiful sight and a serene sound like a dove

The waves of compassion, crashing through you and me
Passion intertwined, we connect with such fluency
You're priceless compared to diamond jewellery
Passion. Trust. Love. Ingenuity...
Life in the end is like you, something of rare beauty.

Actually took some time on this one...

Random - February 11, 2014, 6:26 pm

Another one I felt like posting, Enjoy <3

How can I stop loving you?
I just can't let you go
Something deep inside your eyes
Has captured my poor soul

You reach out and touch my heart
And how can I resist?
You make me feel like I'm on top
On goes such a list

You know what you do to me
When you are so close
Something within my being jumps
And I know I love you most

But you are just not right for me
I know it plain and true
But facts can only be dished out
They don't say what to do

At times I try to push you away

I think it for the best
Other times I want you near
To figure out this mess

I know you struggle with this too
I see it day to day
How do you survive and live
Going up and down this way?

I don't even know if you
Can say that you love me
I guess it would be better if
You just don't let me see

I know it's love so pure and true
I'm telling not a lie
When I say that anytime
For you I would die

So how can I get rid of you
When I can't let you go
Maybe time will pave the way
Perhaps I'll never know

Right now I want you here
Darling, it's almost Valentine's day
I want to know you love me
That's the only word I wish you'd say

KanyeMidEast - February 11, 2014, 6:27 pm

Would I?

The better question is what wouldn't I?
I'd separate the sea apart
I'd do anything to make you smile
You make my heart go senile
I can be your king
you can be my queen
Meanwhile I'll be a true gentlemen
cause in this violent world there aren't many gentle men

you're perfectly perfect.
if you don't believe me
take imperfection separate it and you would get
I'm perfection
You don't understand the way I see you
if you lived underwater
I'd attach gills to my ashopagus just to see you
even if I couldn't breathe through the gills
at least my last glimpse would be you.
Cause everyone I meet is like glass
see through
I would do anything just to be with you.

Tonight - February 11, 2014, 7:27 pm

Yellows.

Red, blue, green, orange?

No, yellow. No, yellows.

It rolls off your tongue like the last dew drop on the morning petals.

Ah, but that name is just a memory now.

Then again, wasn't it always?

I remember it like it was yesterday.

The way the oats and ice cream blended together in his bowl like a yin and yang.

Eternal bliss after every bite of the concoction.

He was certainly different than the rest.

Perhaps that was what I liked about him.

Or maybe it was his sense of style; or lack of?

Maybe it was his sense of humor; or lack of?

Perhaps his genuine personality; or lack of?

Himself. Or lack of himself.

See he wasn't just a pronoun used to describe his aura.

No, he was much more than that.

He was the very fire that burns inside all of us when we're alone and thinking.

His presence was ominous, yet inviting.

The breaths he exhaled were nothing more than pure ecstasy to those lucky enough to inhale them back in.

His embodiment alone was enough to make you question everything you thought you knew.

Red, blue, green, orange?

No, yellow. It was always yellows.

It will always be yellows.

But it will forever be much more than that.

Yellows.

i see you eyes nice and blue just like the sky

Air is a mixture – a gaseous mixture!
It's indeed easy to find its measure!!
Oxygen, our friend, supports life on earth,
And Nitrogen fertilizes the earth.
Carbon dioxide makes soft drinks frizzle!
While inert gases have been a puzzle!!
Water vapor from sea, river and stream,
And hot, violent, angry whistling steam,
Into the cool air, they rise so slowly!
Merge as thick, soft clouds drifting so gently!!
Look! How softly they come down aglitter
To fill the earth with life – giving water!!
Like a widely spread blanket in the sky,
The clouds guard us from the heat from high.
Ceaseless atomic rays and cosmic dust
Assail our earth like an unwelcome guest.
Our dear pal ozone – oxygen, again –
Puts up a valiant Defence in vain.
For man pollutes the air, makes little holes
In the umbrella meant to save our souls!!
To save this gracious earth, our own mother,
We've got to act now, dear sister, brother!

It Is You I Dream Of

A flower grows from beneath a blanket
Of fine and purest white
It reaches toward the sun for warmth,
For heat and for the light

My love for you grows stronger still,
Despite the surrounding cold
My heart is yours, bartered gone
For yours has it been sold

Its petals shine from morning dew
Its stem grows stiff and strong
It stands strong through the freezing cold
It stands the winter long

I long for you, for your soft touch
I miss the way you smile
The longer that we stay apart
The longer every mile

The flower stretches through the snow
It reaches toward the sun
And now without you the color is gone
The flower's petals, dun

But as we talk, and as we learn
The flower comes back to life
The snow now melts and goes away
As you take away my strife

Spring is here and growth abounds
As you and I are one
We are together, we are in love
The snow for now is done

I see the future, in dreams I have
Of our life, long and true
I see the times where all I need
Are comforting words from you

I see the times when winter comes
As winter tends to do
But we still love, and we still live
And I do still love you

And so we live, with children ours
And a life of much to see
With love we live, to live we love
Happy together are we

I see the flower, older now,
But still strong with fresh new leaves
I see it growing, tall and strong
Reaching to the eaves

We are now old, as years have passed
But old together are we
And strong our love still today
As strong as it can be

And it's yellow like you,
Stay, don't you cry,
And forget me .

My love is gone...
`Lost her sight -
And through the shallow of fall
I only sigh.

Why is it fall,

Why all leafs die.

Not a love story but eh. Just felt like posting this, don't count me in. :3

Here's my real entry.

You broke my heart,
But now I'm on to a good start,
There isn't no going back,
I don't need no pictures, no throwbacks,
Now I walk alone, with only me at the throne,
Please realize, only the devil cries,
No teardrops from these eyes, one day once again I will rise.

I suck, this took no thoughts,

Second Place Winner -[kami-sama](#) Winning Poem ([Click to View](#)) It was during the coldest night of January

A man in a black coat came to me in a dream
And told me : "this time, it's the right one
I am defeated ; I shall be gone."
I had no idea what that man meant, and went through with my day
Next thing I know, you're shaking my world
Twisting my personality, dominating my thoughts
Altering my behavior, making me wish for more.
Did that man know of you, darling ?

My hatred is gone, my obsession is insatiable
It feels like being awoken from apocalypse which was nigh
Hopes are high, terror is gone
As we enter a new month, I love you even more.
Your smile is shy yet ruptures my fears

Your eyes are sad yet they shine when staring at me
Your touch is soft yet stole my heart
My soul is yours forever and evermore.

I will hold you in my arms, we will become one
Of mind, of soul, of body, of heart.
I will kiss your tender lips as you close your eyes
And we would sleep next to each other, holding hands together.
I'd make the lullabies sing about our tale
My dear princess,
I now write this poem not for nice rhymes
But to show my love and earn your own.
Indeed, I am madly in love with you,
Plagued by the madness of love, I cannot be without you.
Your presence comforts me, your idea warms my heart.
I find it hard sometimes to be with you, but I love every single one
Of these moments of anguish, because they lead to your veneration.
I vow to you, whatever it takes.

Is it wrong to love ? Should I resist ?
The temptation is too high, but I should not take the risk
If one does not love, how can he heal ?
Weren't you in my world, I would probably go crazy.
I don't dare to think of a world you don't exist in
It would be sacrilegious just to try to live in it
Not holding you ? Not seeing you ? Not wanting you ? Not loving you ?
This would be a massacre, one that I would not endure.

No mortal can match your beauty,
I cannot comprehend your kindness.
You sing like a goddess, Pallas Athena envies your voice.
Your eyes sparkle like jewels at sunrise.
Your tender voice shakes the hearts of
Proud eagles, glancing like thunder.
Your adorable smile gives birth
To small lightnings in my eyes.

So please, my dear Princess,
Accept from the man you saved from the abyss
This declaration of love ; you complete me.
A Valentine to you, I shall be.
