Thread: [Crash other people's facebook timelines \[TUT\]](#)

neil5050 - February 9, 2014, 9:17 am

go to my facebook page link ->

<https://www.facebook.com/photo.php?fbid=467064426749855&set=a.467064490083182.1073741827.340310676091898&type=1&theater>

-> Share it on someone elses timeline

-> bluescreen of death happens -> must be on the computer to see it (and this displays for everyone else too)

-> if this tutorial worked for you -> please comment on this post if you were successful or not if not I can help you out

it should look like this when done

Feel free to check out my other working facebook tricks.

aarczi - February 9, 2014, 9:33 am

Hey, how it is actually possible ?

Z

THE AIDS VIRUS - February 9, 2014, 9:42 am

This must be patched, I just tried it and nothing happened, there was just a blank post. Did i do something wrong?

Billie - February 9, 2014, 10:01 am

it worked for me thanks i vouch in advanced

ivo1234 - February 9, 2014, 10:06 am

Its worked for me too thanks in advance

D?vil - February 9, 2014, 10:23 am

People are thanking in advance after they have this "tutorial"?

What's happening in advance? Somethings not right here..

neil5050 - February 9, 2014, 11:51 am

IDK, all I can say is this trick works, feel free to try it on anyone's wall.

jetpacks - February 9, 2014, 11:57 am

will this crash their timeline for a while or a long time? I'm going to do this on ' enemies '

sitono - February 9, 2014, 12:17 pm

:O :O this worked! wtf? how this is even possible. unpatched bug?

yohanda - February 9, 2014, 12:51 pm

awesome works perfect !! thanks haha, incase anyone didnt understand him (i didnt at first, no offence) all you gotta do is post this link on someones timeline..

<https://www.facebook.com/photo.php?fbid=467064426749855&set=a.467064490083182.1073741827.340310676091898&type=1&theater>

morefun777 - February 9, 2014, 1:26 pm

wow it works but how is it workin....?

SpamAttack - February 9, 2014, 3:17 pm

Its working, very funny for jokes. Not 100% bugged but its good, you can ofc remove it if you want and effect will dissapear guys :)

neil5050 - February 9, 2014, 6:02 pm

I currently know a lot of facebook bugs that currently work
#sohavefunwiththisawesomenewtrick

neil5050 - February 10, 2014, 2:49 pm

Well, I know lots of facebook bugs along with knowing how to develop apps on facebook so Yeah.

IF this thread gets popular, I might post a trick to crash other people's im boxs on facebook.

PribadoX - February 10, 2014, 8:20 pm

this is a good trick bro. i wonder how it works using spacer image blah blah XD \m/ haha

Trust - February 10, 2014, 8:27 pm

This actually worked.
I was a bit skeptical.

QuantumZ3r0 - February 10, 2014, 8:59 pm

Great tutorial. I tried it and it worked.

tobi7400 - February 11, 2014, 6:09 am

Awesome trick! I love it.. Post some more bugs :)

Sought - February 11, 2014, 6:21 am

works lol thanks OP, its interesting.

Elizabeth.Company - February 11, 2014, 6:46 am

how are you?
hm how?
this don't work.

bernardbear - February 11, 2014, 8:58 am

Still Work 100%, for Who can't delete It, just go to actifity log and delete from there ...

nice trick "NEIL5050" :)

Akolt1 - February 11, 2014, 9:36 am

Ok, it works fine. One question tho, how do you delete it lol?

matej203 - February 11, 2014, 10:41 am

it works...i like it bro, awesome (Y)

emirej2012 - February 11, 2014, 11:18 am

Nice OMG Works perfectly, thanks again

kaotik2003 - February 11, 2014, 11:36 am

Worked perfect for me in Chrome but not of Firefox

roleeswagger - February 11, 2014, 11:46 am

Nice trick.. but i don't know how actually works.. .. it uploads a picture of resolution 1*900 or something.. and facebook can't handle this?..

sitono - February 11, 2014, 12:39 pm

(Feb 11, 2014 12:36 PM)kaotik2003 Wrote: [\[CITE\]](#) Worked perfect for me in Chrome but not of Firefox

I used firefox and it also worked. Not sure why it wouldn't for you.

kaotik2003 - February 11, 2014, 1:49 pm

(Feb 11, 2014 01:39 PM)sitono Wrote: [\[CITE\]](#) I used firefox and it also worked. Not sure why it wouldn't for you.

Tried on 3 computers, one was the one that shared the photo, and the other two with firefox did not work

Jagster™ - February 11, 2014, 4:34 pm

It worked for me on Chrome.

How long does this last, does the victim notice this? Or am I the only one who see's this?

anyways nice job OP

neil5050 - February 11, 2014, 4:39 pm

Nope you aren't the only one seeing it. They have to be on the computer -> the person you shared on or anyone browsing their profile.

Inkling - February 13, 2014, 10:25 am

Wow bad ass, this worked for me. My friend's like "what the fuck just happened to my time line" hahah.

Capone. - February 13, 2014, 10:26 am

I'm pretty sure this is patched, but thanks anyway OP

neil5050 - February 13, 2014, 10:31 am

(Feb 13, 2014 11:26 AM)Benton Wrote: [\[CITE\]](#) I'm pretty sure this is patched, but thanks anyway OP
No sir its not -> Also feel free to check out this tut to crash mobile users

<https://hackforums.net/showthread.php?tid=4056089>

Arnette Rene - February 13, 2014, 10:53 am

Hahahahaha, I did this on my friends facebook XD I wanna see his face when he sees his FB page :P

neil5050 - February 13, 2014, 11:07 am

New facebook tut released to make facebook phone verifications easier.

<https://hackforums.net/showthread.php?tid=4057838>

'Snorlax - February 13, 2014, 2:52 pm

Lol it actually works... Good job, OP hahaha.

neil5050 - February 13, 2014, 3:44 pm

(Feb 13, 2014 03:52 PM)Snorlax Wrote: [\[CITE\]](#) Lol it actually works... Good job, OP hahaha.

thank you :D -> don't forget to check out all my other cool facebook threads contains bugs/tricks

Paimon - February 13, 2014, 7:19 pm

Doesn't work anymore for me

/s

/s

Its patched :(-> SOMEONE REPORTED IT

Elweth - February 13, 2014, 9:49 pm

Yea, just came online after 12 hours of using and it's gone sadly.):

Thanks for sharing though.

neil5050 - February 14, 2014, 6:13 am

Thanks for sharing though.

Keep following me -> I might post some more facebook exploits in the future.

StyleRxd - February 15, 2014, 10:09 am

nothing happens it must be patched whenever i put this link inside of the timeline and shared in the profile of my friend, he said that didn't work.

neil5050 - February 15, 2014, 4:23 pm

(Feb 15, 2014 11:09 AM)StyleRxd Wrote: [\[CITE\]](#) nothing happens it must be patched whenever i put this link inside of the timeline and shared in the profile of my friend, he said that didn't work.

yeah It got patched if u look at a few posts above -> but if u look before it u can see all the vouches claiming that this trick works

Kevo - February 16, 2014, 1:46 am

Doesn't work atm, looking forward to an update! :D

?XilluX - February 16, 2014, 1:49 am

Thanks for this, seems working fine for me

1115151219122119 - February 16, 2014, 1:57 am

Why would you do that? Don't see any sense in that.

Xworkuc ing - February 16, 2014, 8:08 am

Cool but is patched im to late ... :(

neil5050 - February 16, 2014, 10:52 am

everything is patched read above guys.
