It's quite hilarious that the only reason you are offering this "service" is for reputation, if you'd actually like to give something out then make a giveaway for all, as I'm sure that most of the basic members have more talent than some L33T's, or UB3R's, who paid about \$20 for their membership.

I did not ask anyone for rep here, i had 5 bucks as BTC which i thought to give out to 10 users only, i gave l33t and ub3r because i think they are above us in hierarchy. Since you are so eager for some cents, send me your btc address and i will send you 0.1\$

Also the giveaway is done already, i sent to 10 users.
