Thread: [A Girl To Fantasize about In my 7th Hour](#)

Impoofpooh - February 13, 2014, 7:23 pm

In my World History class there is this girl named Andy, I know unattractive name but she is attractive and achievable but she sits on the other side of the room. I have dreams all class period about having a relationship with her. I never can find an opportunity to tell her how much I desire her. What do I do? I've searched endlessly for her on Facebook although I can't find her. I need to speak to her to get over my hard times in the class period. I don't think I am unattractive although I am not the greatest looking. I would just like to have a relationship with a girl who doesn't look like road kill.

Someone's a stalker? Do you have issues? You should probably seek a therapist.

Well her full name is Andylynn. But you don't know how strong I desire to about her. While my teacher talks I imagine making rough love to her on the desk.

To your teacher or the girl?

Talk to her in person before trying to talk to her on social media, girls find that shit creepy

SIM-1676753 - February 13, 2014, 7:27 pm

This is completely normal. Just talk to her privately and ask her out.

I appreciate the advice. will look into it

Man up and actually talk to her. Fantasizing and imagining scenarios is normal at first, but if you keep just thinking about it, it's going to get weird.

The best thing you can do is avoid telling her you desire her, it'd make her feel uncomfortable.
