Thread: [Free items/money/farms](#)

Hulk - February 15, 2014, 1:23 am

Last week I made a thread where I was auctioning HC items/money/farms. But unfortunately noone even bid on it.?

So I decided to just give it all away to get more known on HF since I'm pretty new. ?

I'll give items/money/farms to the first 10 people that post on this thread and PM me their HC name.

All the items/money/farms that will be given away:

Spoiler [\(Click to View\)](#)

-30.000 EM

-A protected base with 2 layers obsidian and 2 layers of water, all protected with faction claims.

-A huge farm which is 5 layers, good to leave your ALT account there for some extra money. All perfectly watered.

-A huge sugercane farm.

-everything in these chests:

list of all items in the chests:

Spoiler [\(Click to View\)](#)

-Almost 30 stacks of strings.

IMPORTANT: I decide who will get what items or if you will even get anything. ?

I know this thread actually has to be in the free services and giveaways section but I think it's more likely to post it here since it is all about HC. If not, can some mod/admin move it to the right section please. ?
