Thread: [Personal Minecraft Account with 2011 Minecon Cape](#)

G59 - February 16, 2014, 5:14 pm

Well now that I can sell Minecraft accounts, I have decided I might as well sell my personal account. The account has no OG or Semi-OG username, It's just an account with a 2011 Minecon cape. I

am accepting offers so if you are interested feel free to hit me up with an offer. I will not go first. Only accepting Bitcoin.

Is it your account?

Do if someone hacked do you have the ability to recover it?

I am the original person that purchased the account. I own everything to it.
