Thread: [people getting deactivated for dumb reasons?](#)

Joshuaz - February 18, 2014, 8:25 pm

Hi Hi

so my buddy Khalid known as Achromat on HF (UB3R) joined back in 2010 with 200+ reps, and 5,000+ posts

one day we were playing on the HackerCraft Minecraft server, and Omni got online I guess he seemed upset or pissed from people telling how to run his site... Khalid (Achromat) should've kept his mouth shut... he thought people were just trying to offer a suggestion or 2 hence for the suggestions sub forum.... he said "with all respect Omni, but no need to be so ignorant"

Omni types in chat "who wants to count down for his ban" and boom he gets banned from the hacker craft server and HF plus getting rep fucked

apparently khalid sent a ban appeal via the HF contact link and never got a response!

It was not unfair.

If he valued all that he had he would have kept his big mouth closed.

Also, he was either a really good troll or a paedophile. That's probably why.

You don't piss off Omni on a day like today. Especially with the Blackshades scandal :P

This is a very simple situation.

He said something arrogant to omni, and got punished.

Yeah pretty much. It's his site to do as he pleases.
