I am a second year law student at sheffield university currently working in a law clinic so i would be able to review the website and even ask other members of the clinic to review it aswell :) Totally depends on what countries you need though.

I'm a second year Law student at the University of Sydney (ranked in the top 10 in academic within the legal field). I'm also a Legal associate in a mid-tier firm within the CBD. I work within the Commercial Law department. So, we deal with a lot of matters relating to corporate law, commercial and business litigation.. Etc.

If you give me some more details, I will see if it's worth my time.
