Waxy

L3no

Kioshi - February 21, 2014, 6:01 pm

Shouldnt put yourself down like that L3n0, only thing is that Waxy does it a lot.

I vote Waxy wins even though he doesn't like me lol, Simply because he chose better colors.

i do what a lot? put people down?? lol..

Zen - February 21, 2014, 9:28 pm

I know absolutely nothing about graphics or tagging, but I like L3no's style more.

huff - February 22, 2014, 9:28 am

I am going to have to go with L3no's smuging or whatever in the background, I don't know much about Graphics, but I like it quite a lot.

No I mean you do Smudges a lot, sorry for the miss-understanding lol.

The Inbetweeners - February 22, 2014, 12:00 pm

I really do like Waxy's however I think L3N0's is better. My opinion doesn't necessarily mean its better though! Can't wait to find out the result!

Obli - February 22, 2014, 12:03 pm

I think that Waxy's tag is. the. shit.

Bovril Coin - February 24, 2014, 8:13 am

on what date will this be closed and winned anonuced?? lol ?

? THEINsPIREDONE - February 24, 2014, 8:47 am

Waxy's of course. The detail and lighting he put into his tag are incomperable to L3no's. On top of that, L3no's smudging is so blurry & kinda annoying.

Good luck to both of you.

Noctua - February 24, 2014, 7:50 pm

I vote for Waxy, his colors are better in my opinion.

De-Frag - February 26, 2014, 5:17 pm

I like Waxy's, it has much more color and brings the lighting into the picture.

Alexander Hamilton - February 27, 2014, 8:15 pm

I like the first one because you can see her ass better I like that there's more light and the background is nice.

Tokyo ? - February 27, 2014, 9:04 pm

L3no has my vote here, it's nice and clean and more defined compared to the other one! But I loved both pieces ?

Bad Meets Evil - February 27, 2014, 10:59 pm

Waxy's tag is better but neither are that great.

DeMon Designs - February 28, 2014, 2:36 am

L3n0 you can win it..... I vote for him.....

General Stalin ? - March 15, 2014, 5:58 am

I voted waxy because the color scheme is better.

mehim - March 15, 2014, 6:06 am

waxy gets my vote

but its really not up to your normal standard

the way you've blended cammy looks really dodgy with all the soft brushing and stuff

Black Blade - April 5, 2014, 2:25 pm

l3n0 gets my vote i love the way the smuges look like clouds

Independance - April 16, 2014, 4:56 pm

Can't vote but if I could I'd vote for L3n0. I don't like the random green-looking fire

Titanlol - April 18, 2014, 4:11 pm

I vote L3n0 all the way . Sorry other guy :(

305guy - April 24, 2014, 7:22 am

i think both of them are equally as good I can't decide I like the simplicity in one and the other one has a lot going on

Regrab - April 25, 2014, 5:33 pm

I like L3no's more, seems as if there is too much yellow in waxy's edit.

Bovril Coin - April 25, 2014, 5:57 pm

Wow thanks guys really appreciate the support <3

Con - April 26, 2014, 9:15 am

L3no gets my vote. I'm not too fond of all the yellow in Waxy's, it's still really good though.

FriendlyMan - June 28, 2014, 7:45 pm

L3no's logo seems a lot more balanced and doesn't make my head hurt unlike the other one.

Suspense - January 25, 2015, 12:11 pm

Waxy's is my favorite. Has a bit more too it, less bland.

mgtrey1 - January 25, 2015, 3:05 pm

I like Waxy's. Pretty neat color scheme and artistic flare.

Lukasbruh - January 31, 2015, 9:18 am

There both great but I like L3no's the best.

MysticShadows - February 2, 2015, 5:57 pm

I think l3no made it a little bit better than waxy did.

btw i hate it that the designs are not in the right order as the poll.

Anyone agree's?

Lyuz - February 7, 2015, 10:23 pm

I liked most of Leno, I found it more focused on a tone, more opaque combining with the character of the medium.

Greetings!

Utility - February 21, 2015, 1:56 pm

None of them have great flow to be honest. L3no's is kinda all over the place and it never really sticks with a certain pattern or flow.

Waxy's is great, I love smudge signatures. How ever the flow again seems to be just every where. The smudging itself looks fantastic. The blending for the smudge seems off to be as well. There's a lot of misplaced blotches of eraser marks or small smudging errors.

Overall I'd throw my vote down for Waxy.

Here's some quick advice for both of you;

L3NO, make sure when ever you're doing a signature it's 100% key to find the light spots on the body from where a source of light is hitting it, make sure to also find the flow of the body and the insinuated movement of the render. Example of this would be for the one you chose. It seems like she's running or jumping forward. So aim your flow towards that.

Waxy, when ever you're doing a smudge make sure to never take away from the render ever, ever ever. Clean up around the render as much as possible. If you're going for a pattern with the smudge around the render make sure it works with the render, and it just doesn't turn into abstract art. Also make sure to work on your lighting. I can see a few brush splotches that are just lying around the canvas. Chose specific zones around the render at the very start and work around that. Guarantee the lighting on the finished product will look 500% better.

dadost - March 28, 2015, 4:51 pm

like the one from l3no, good luck!!

Sick gravedigging skills, ever considered becoming an undertaker?

Edgi - April 2, 2015, 1:36 am

thats dope keep it up guys im paying for a signature soon so hit me up

duvrai - August 2, 2015, 5:26 am

L3no has more quality in his Picture. :-)

duvrai - August 7, 2015, 9:23 am

Is there no winner yet? regards

Enisho69 - August 8, 2015, 9:04 am

I like both of them but I will go with L3no since I love the style

Muddy Waters - August 8, 2015, 2:16 pm

I'm gonna have to say L3no. It's simple but yet perfect. I think Waxy's was a bit overkill with too many things going on.

Huskey - August 8, 2015, 2:47 pm

I prefer L3no's, the composition draws more focus to the render which I like. Would say the use of the blur tool needs a bit of work in my eyes though. Waxy's background is too sharp for my preference, & the background overthrows the general look of the tag.

SKRIKXX - August 9, 2015, 11:32 am

I think Waxy's image is much better ;D

^^

oui?? - August 25, 2015, 2:48 pm

I think Waxy's colors were put together better.

Banker - August 31, 2015, 5:33 pm

Waxy, great use of colour and I love the background pattern.

Popdog - September 4, 2015, 2:24 am

Waxy's looks better. :D ()

-rx0r

tumpin - September 7, 2015, 6:54 am

Waxy, the colors he chose go together more with cammys outfit than lenos. Goodjob to both either way?

Coindergaps - September 13, 2015, 3:16 pm

I'd put my vote for Waxy . L3no's version is a bit too blurry and it's actually a bit disturbing to my eyes . Good work both of you though :)

su_nobody - September 14, 2015, 1:41 pm

waxy, obviously! (25 char)

Dr. Fritz - September 14, 2015, 1:42 pm

The bottom pic is much better imo, so L3no.

Sanctity - September 15, 2015, 6:59 am

Waxy,

I'm going to have to go with L3no as a result of his background design. The brownish color really mixes well with the creative direction it seems he was going for.

Sanctity

Pnut - September 20, 2015, 6:56 am

My vote goes to waxy ;), overall the colors look a lot better imo

Cionow - October 3, 2015, 6:29 pm

Hard decision but I will say Waxy.

FalconBusiness - October 8, 2015, 4:45 pm

Waxy won, more abstract and cleaner

Bovril Coin - October 11, 2015, 5:18 pm

L3no al the way to the moon and back

Gama.exe - November 11, 2015, 12:21 pm

Both look realy good!

Waxy's looks realy 'cartoony'!

l3no killed those smudges :)

fierced - November 18, 2015, 2:05 am

I think L3no did the best, amazing.

microcosm - November 19, 2015, 5:46 pm

Waxy got my vote, like the coloring and overall smudging

Denitorious - November 19, 2015, 5:48 pm

Who the hell dug out this old thread, jeez....

elitebuy - November 29, 2015, 11:00 am

Waxy is a lot better, L3no has that terrible lighting at the bottom, it seems like he knew where he wanted to start then just umphed the rest.

Quinn. TEMP - November 29, 2015, 11:00 am

I'm gunna have to go for Waxy.

CyclopsGraphics - May 1, 2016, 4:10 pm

The 1st one, catches your eye.

TonyBalla - May 1, 2016, 7:41 pm

I put Waxy! Love the colors, but Leno also had a great graphic! both are really good! It literally took me 19 minutes to decide because both are good.

Virtus_Graphics - May 4, 2016, 3:40 pm

I'd have to say that your looks better, because the other one looks like it's just been some background that has been smudged out using the smudge too.

PrimeCEO - May 7, 2016, 11:21 am

Waxy I like the colours and they're more vibrant

clutchify - May 19, 2016, 8:47 am

L3no wins, the other one appears to be way to busy looking for my taste

X015 - May 20, 2016, 3:19 am

My 12. Points goes to Waxy!

Arcazel - May 21, 2016, 6:02 pm

L3nos is nice, but i like the colors on Waxy

PNH. - June 11, 2016, 8:11 am

I think "Waxy" is best because he use very good particles

kolp - June 12, 2016, 7:51 pm

The two are goods, but i liked more L3no

kayseth - June 24, 2016, 12:54 pm

The second one is really nice!

Starskii - June 26, 2016, 12:03 pm

Gotta be Waxy for the win, definitely has better smudge exp.

JasonSoModz - July 4, 2016, 5:18 pm

L3no is personally better in my opinion!

Starskii - July 10, 2016, 7:23 pm

^^ yup he def has the better piece.

Lumpy - July 14, 2016, 12:57 pm

L3no's is a lot more simple, but as you all know perfection is in simplicity.

SIM-3187190 - July 23, 2016, 1:11 pm

I'm gonna have to go with the one l3no made. Sorry Waxy <3

Edit: I'm retarded, sorry for grave-digging an old-ish thread.

Eff Ex - August 4, 2016, 3:14 pm

Waxy's tag is a lot smoother, your smudge style is nice but I just prefer waxy's

Swax - August 11, 2016, 1:50 pm

I vote waxy`s looks pretty nice
