That there is a way to Boost your CTR and Once
You Nailed it Down,,,
.....You Are Laughing

I accidentally stumble upon an amazing image hover technique on youtube and facebook that caught my attention. It was right there, in front of my eyes the whole time. I was like "holy shit dude".

I am sure you have seen on facebook and youtube, where you hover the mouse and small preview image comes. Basically it will give great user experience and I have used that same concept on my affiliate sites and increase my affiliate revenue upto 300%.
