Its very well explained and i really like it.

Originality: 9/10

Like i said, never seen this before!

Ease of use: 8/10

There is a fast way and a good way, might take a couple of days to get the money going, but its not hard at all!

Grammar: Good

A few small errors.

Layout: 7/10

Its the method, in my opinion nothing more is needed.

Overall: 8,5/10

Very good method, really happy that i bought this, very friendly seller to!

Here is my review :)

Quality: 9/10

This ebook contains everything you need to know!
Really HQ for the price!

Originality: 8/10
Never seen this method before, googled for it, but didn't find it.

Ease of use: 8/10
Takes a day or 2 to setup, but once it started it keeps on going!

Grammar: 9/10
Couldn't find any error!

Layout: 9/10
Easy layout, i hate fancy layouts anyways.

Overall: 9/10
This is a HQ guide to get you some bucks, thanks, and not regretting of me buying it!

There is really amazing quality in this eBook. Once you have bought it you have everything you need to know to start earning right away. Although there were some things that were missing in my opinion, after stating that to the author he immediately changed those things.

Originality: 8/10
I myself have not seen this before, but after a few Google searches I can see that the method is known, but far from saturated (not easily saturated).

Ease of use: 7/10
It may take some time to set up and get the cash flowing. But after doing it for a while you will get the hang of it and you can start earning. Finding clients is not easy though.

Grammar: Average/Good
Little to no errors in this part.

Layout: 6/10
Plain white background with black text, no pictures, no headers nor bold printed words.

Overall: 7.3/10
This is a method you have to put work into, this is not one of those lazy get money quick guides. This is a legitimate guide on earning money.

This method is white-hat. With that said, GLWS!
