Hello my name is Ascendancy and I will be reviewing your eBook today. This review is strictly my opinion and in no

way represents the success you may or may not have with this ebook.

Quality 9/10

One of the longest ebooks I have ever seen at just over 50 pages. Theres alot of content here.

Ease of Use 9/10

None of the methods are particularly difficult. And you do get alot of things to try.

Layout 8/10

The layout is good. Clear sections defined for each method and easy to read.

Grammar 8/10

There are no major grammar errors that will keep you from understanding this book as far as I saw

Originality 7/10

There's so many methods, there's a good mix of things I've seen and things that are original. Its alot of information

Overall 9/10

Its a really good value for how much you get. You get 50+ pages for the price of some 4 page ebooks

One of the two is involved as optional in one of the methods, as it can increase earnings. It shows you exactly how to do it with templates/pics etc.

Porygon - April 13, 2014, 7:39 am

Okay thanks for your honesty :)

Have a nice day

So do I earn \$500 in 24 hours if I do this "7 minutes a week"?
Or do I earn \$500 if I use this method 24 hours non-stop?

You can earn anywhere from \$50 a day to \$500. It depends on how experienced you get with some methods and how much work is put in. Minimal work is required (to achieve results).
