Why are you hating on him? You know it only takes 'msfconsole' in his terminal for your destruction.

Ah yeah well dude, you know that is just your opinion, man.

LevelUp - February 28, 2014, 10:31 am

Holy shit how long did that take to type.

HaxOr? - February 28, 2014, 10:37 am

Oh great, just what this section needed. More retards everyday.

r00tTheGod - February 28, 2014, 10:42 am

Ah yep, agreed, HF 1337 webbers taking the internet seriously since 2011!

He is a very skilled hacker, been hacking since 1998, he was the first one to smash the stack. Elite hackers have *TheGod at the end of their usernames, like myself. But he has TheAllah, because Allah is more real than God, he also has it trademarked so it means he's certified.
