If an account is 7 months inactive and gets recovered in a day, then obviously it is a lie. It is more believable if you had it for more than 2-3 months and it got recovered. Its highly unlikely though.

Will be looking into the unchecked accounts as I'm feeling lucky today :) Just one questions, can I order the unchecks in a lesser amount, because the lowest amount on the thread you linked was for 10 accounts, and I'm not sure if I need all of those. Thanks!

Hey Shawn, would you happen to have an account with adcs like cait jinx and vayne. And other champ like yasuo and and cass. If you do pls let me know. I would pm you for such a request but unfortunately still dont have the proper amount of posts. Btw it doesn't have to be any specific rank.

Sent you a Private Message regarding this, I don't have any accounts until the checker gets fixed. Until then this shop will be closed until further notice.

Raising the prices due the demand of LoL Accounts / Other listings.

No History Accounts = \$30. These accounts have Judgement Kayle and have no chance of recovery. Usually have 1-2 Rune pages that are completed with Standard AP / AD. Roughly around 2-4k IP also a few champions.

Inactive Accounts = \$20. These accounts are more likely to come with more champions, IP, and also RP. The accounts can come with 1-5 Rune pages and have minimal chance of recovery.

Violatez - April 27, 2014, 8:59 pm

Hey, can I get 10 uncheck accounts for 3 dollars? and are they level 30?

I'm excited and looking to buy man. Get to me asap :)
